

Kids Public x Hino city
Only available for residents of Hino city

You get a **professional consultation** with a pediatrician, obstetrician / gynecologist, or midwife on your smartphone **for free.**

My baby's skin doesn't get better.

How can I help?

I have constipation and back pain during pregnancy.

Is there any solution?

My child was absent from nursery because of diarrhea,

and I want to know when he is able to go again.

I'm worried if I'm producing enough breast milk.

Does my baby need more milk?
